

[TimberTech](#), a division of [Crane Building Products](#), is the leading manufacturer of wood plastic composite decking and railing. These outdoor space solutions are innovative alternatives to traditional wood that offer countless benefits to users.

Unlike wood, TimberTech's composites offer easy installation and are maintenance-free; TimberTech's products don't rot, warp, weather, fade, or splinter. In addition, they never need staining, painting, or sealing. With a Limited 25-Year Residential Warranty, TimberTech guarantees their decking and railing products remain safe, durable, and attractive, year after year. Not only are these composite products high-quality and maintenance-free, but TimberTech is able to meet each user's outside living space needs by offering a wide variety of color options, decking profiles, surfaces, and board sizes.

TimberTech relies on [Stelter & Brinck's Preventative Maintenance \(PM\) services](#) to be certain they are taking necessary safety measures. TimberTech's Facilities Manager, Ben Davenport, says, "Stelter & Brinck helps us comply with the National Fire Protection Association's codes." This, according to Davenport, even "saves [TimberTech] insurance money!" With regard to the value and convenience of S&B's in-depth technical reports, Davenport states, "Stelter & Brinck's reports cover everything! I store them on my computer and e-mail them to our insurance company if any questions regarding code compliance arise!"

Safety, code compliance, insurance savings, and valuable reports aren't the only reasons TimberTech uses Stelter & Brinck's services. TimberTech considers S & B services to be first-class; Davenport declares, "Stelter & Brinck provides outstanding service, which is second to none! [They] are a 10! They provide the most consistent, high-quality, trouble-free services!" He goes on to explain, "Stelter & Brinck's PMs keep our equipment up and running, day after day. Stelter & Brinck's services reduce our downtime, which enables us to keep our delivery time to a minimum."

"Stelter & Brinck's service technicians are professional, knowledgeable, and friendly. They are very easy to work with and have been very informative."

"Stelter & Brinck saves us hours of downtime a week!"

"I would definitely recommend Stelter & Brinck!"
