

# ABOUT US

*For over 100 years, we have been designing and manufacturing numerous types of industrial process heating & environmental equipment. Backed by our engineering department, our field technicians provide various combustion services to industry.*

## Best Value

*Today, we have thousands of units world-wide, in numerous industries. Whether you are an equipment or service customer, our goal is to deliver to you the best value; this means standing out among our competitors by going above and beyond expectations.*

## Industrial Process Heat Equipment Offerings

- *Indirect Fired Air Heaters*
- *Direct Fired Air Heaters*
- *Combustion Systems*
- *General Industrial Equipment*
- *Metals Industry Equipment*
- *Oxidizer Systems*
- *System Integration*
- *Test Firing*

## Combustion Field Service Offerings

- *Preventative Maintenance*
- *Start-ups/ Recommissioning*
- *Upgrades/ Rebuilds/ Repairs/ Retrofits*
- *Equipment Parts*
